Simply take this card and present it to any participating pharmacy for instant savings!

Due to our close relationship in the pharmaceutical industry, we can negotiate lower prices on behalf of our members!
- + *Do I need to keep my card after I use it the first time?*
No. After the pharmacist has stored your card information into their system, each time you return to the pharmacy your discount will automatically take place, so pass the card on to a friend.

No. There are no claim forms or other paperwork to file.
- + *Can I use this discount card with my deductible?*
